The MPPC plays its summer social events at the *Moorooduc Recreation Reserve* every Wednesday and Sunday afternoon commencing about 3.00 pm during Eastern Standard Daylight Savings time. We have decided that in this period play will be cancelled on any Wednesday or Sunday the temperature is likely to be above 35°C at 3.00 pm or there are other extreme conditions likely following consultation with the Mornington Peninsula Shire. In such an event a notice will appear on our website on the Home Page and an email alert to all members.

For other petanque events that the club organises/conducts away from *Moorooduc Recreation Reserve* our Heat Policy will be guided by the information provided by [Sports Medicine Australia](#), but would normally include the above cancellation or postponement on days of Total Fire Ban and temperatures predicted to be over 35°C. Again, in these events a notice of cancellation or postponement will also be prominently displayed on our website at least 24 hours prior to the event start date along with an email alert to all members; and we would also attempt to contact all players who have pre-registered for the event.
